PROFESSIONAL PROFILE

Emerging Cameroonian leader and engineer combining deep expertise in cybersecurity and digital transformation with a strong commitment to civic engagement and social impact. Founder of **Sykoti Center** — a civic-tech organisation advancing digital responsibility and cybersecurity education among youth — and creator of **CyberAmbassador**, a national digital citizenship initiative. Nationally recognised as the **sole female laureate** of the Cameroon ICT Innovation Challenge (1 of 12 finalists from 500 applicants) and selected as a **Fellow of the Okwelians Fellowship for Young Cameroonian Leaders**. Driven by the conviction that inclusive digital transformation requires both technical rigour and human-centred leadership.

PROFESSIONAL EXPERIENCE

Digital Transformation Consultant & QA Lead

ST Digital — Douala, Cameroon | February 2025 – Present

- Deliver digital public infrastructure platforms including **OpenCRVS** (civil registration) and **ONCC** (cocoa plantation management), improving service delivery for public-sector clients.
- Lead end-to-end quality assurance strategies — integrating automated and manual testing — to uphold software security, reliability, and regulatory compliance.
- Champion DevSecOps standards and secure development practices across cross-functional teams, building organisational technical capability.
- Bridge technical and strategic priorities by translating stakeholder requirements into scalable, well-documented solutions.

Founder & Chief Executive Officer

Sykoti Center — Yaoundé, Cameroon | December 2023 – Present

- Founded Sykoti Center, a civic-tech organisation providing cybersecurity education, digital literacy programmes, and direct support to cybercrime victims in Cameroon.
- Designed and launched **CyberAmbassador**, a structured youth-facing programme promoting responsible digital citizenship, now active across Cameroonian communities.
- Lead strategic governance, partnership development, programme design, and team coordination to scale the organisation's reach and impact.
- Secured national recognition through competitive innovation platforms, establishing Sykoti Center as a reference initiative in digital responsibility.

Software Developer

L'Agence Digitate — Douala, Cameroon | June 2024 – February 2025

- Built and delivered digital platforms including **Afri'kAlliance** (payroll digitalisation) and supported SaaS integration for Irembo, contributing to business modernisation.
- Applied software engineering best practices, supported team collaboration through code review, and co-managed the SyKoti platform development cycle.

LEADERSHIP & CIVIC ENGAGEMENT

Fellow — Okwelians Fellowship for Young Cameroonian Leaders (OFYCL)

The Okwelians | April 2026

- Selected for a nationally competitive leadership programme dedicated to identifying and equipping the next generation of Cameroonian change-makers.

Volunteer — Women in ICT & Digital Leadership Advocacy

AfricanWITS Association, Yaoundé | October 2023 – Present

- Organise and facilitate Girls in ICT Day events and technical training workshops, advancing gender equity in technology and inspiring young women to pursue digital careers.

Volunteer & Member — YALI West Africa Alumni Network

Douala, Cameroon | July 2023 – Present

- Co-facilitate leadership seminars and entrepreneurship workshops, contributing to a regional ecosystem of engaged young African professionals.

Member — Toastmasters International, Douala Chapter

October 2023 – Present

- Develop advanced public speaking, storytelling, and leadership communication skills through structured practice and peer mentorship.

AWARDS & DISTINCTIONS

Laureate — Cameroon ICT Innovation Challenge *January 2022*
Sole female laureate among 12 finalists from 500 applicants — Ministry of Posts & Telecommunications, for SyKoti cybersecurity platform.

Finalist — AfricanWITS Business Competition *July 2025*
Selected among 10 finalists from 200 applicants; presented SyKoti before an international jury.

2nd Prize — Mountain Hub Green Hack 2023 *July 2023*

Ranked 2nd among 25 teams for Ecoloto, a social-impact sustainability venture.
